WEDNESDAY MORNING—NOVEMBER 28, 1866

An Important Suit.

[By Cable to U. S. and European News Association.]
BALTIMORE, Nov. 26.—A very important case, coming under the present Revenue law, was determined in the United States Circuit Court to-day before Judge Giles, being the suit of Odie Bowie, of Prince George county, against G. W. Sands, late collector of internal revenue for that district. Bowie sued to recover back taxes alleged to have been overpaid by the United States in 1865 on a crop of tobacco. The assessment was made in 1865 on a crop grown in 1862 and 1863, for which years the taxes on the crop then growing was paid the succeeding years under the former revenue law. In 1865 the same product was assessed again under the amended law of 1865 as income of preceding year, and the tax again collected, on the ground that the crop had been sold in 1864, and the proceeds were liable for taxation under the law.

A very strong array of counsel represented Mr. Bowie and other tobacco-growers, who regard this as a test case; while Mr. Missmore, solicitor of the Internal Revenue Bureau, represents the Government.

Judge Giles decided that the laws should be construed liberally, and that Mr. Bowie was entitled to recover on the sales of tobacco grown in 1862 and 1863, as the act of 1865 did not authorize taxation on any products as incomes which had been grown previous to 1864.

The City Council tomorrow visit all the colored schools in this city. An ordinance is now pending before that body appropriating \$20,000 in aid of these schools.

Mr. BIGLOW.—Our Paris correspondent, in a letter published elsewhere, announced that Mr. Biglow requested relief from the duties of the mission to France as long ago as July last, but consented to remain until the final adjustment of the Mexican question. That object having been accomplished, Mr. Biglow now retires from a position which he has filled with great honor to himself and eminent advantage to his country. In a few months he will return to this city, to resume the literary studies which have been interrupted by his official duties.—N. Y. Evening Post.
